125th Jubilee Sale

10:00 a.m.

Lamont Pavilion — DENVER, COLORADO

WEDNESDAY, JANUARY 20, 1971

55 LOTS — 48 Bulls, 7 Females

The leading Shorthorn and Polled Shorthorn sire prospects of the year will
be offered in this National Show event.

INFORMATION FOR THE BUYER

DATE: Wednesday, January 20, 1971. **TIME:** 10:00 a.m.

LOCATION: Lamont Sale Pavilion, Stock Yards, Denver.

SHIPPING INSTRUCTIONS: Consignors and this Association will see that all cattle are properly loaded on cars or trucks as the buyer shall direct for immediate shipment. Cattle are at the buyer's risk from the moment they are bid off, however, all precautions will be taken to see that animals arrive in a sound and healthy condition. **CATTLE WILL BE RELEASED IMMEDIATELY FOLLOWING THE SALE. BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS WITH THE SALE CLERK.**

LIABILITY: Although every precaution will be taken to protect the safety and comfort of guests neither this Association nor its representatives nor the auctioneer or clerk, can assume any liability for accidents.

TERMS: All sales are cash unless previous arrangements are made with the consignor from whom you purchase. Settlements are to be made with the clerk immediately at the conclusion of the sale.

SINCE THE BANKS WILL NOT ACCEPT A COUNTER CHECK, IT IS IMPERATIVE THAT YOU BRING YOUR PERSONAL CHECK TO PAY FOR ANY PURCHASES MADE.

INSURANCE: Coverage may be obtained effective at the time of sale.

GUARANTEE: Standard Guarantee endorsed by this Association, which is printed in this catalog.

HEADQUARTERS: Denver Hilton Hotel, Denver, Colorado. Write directly for reservations mentioning this National Western Shorthorn Sale.

AUCTIONEER: Dick Kane, Wisner, Nebraska.

SHORTHORNS TOP ILLINOIS GAIN STUDY

A summary was completed recently of the Illinois Beef Production records for a two-year period. A total of 13,371 calf records were included:

Polled Shorthorns and Shorthorns headed the listing scoring substantially over the 429-lb. average noted on all calves at 205-days.

The statistics by breeds follow:

Breed	205-day adjusted weight
Polled Shorthorns	459 lbs.
Shorthorns	444 lbs.
Herefords	424 lbs.
Polled Herefords	423 lbs.
Angus	423 lbs.

SUTHERLAND PREDICTOR—A great son of the Sutherland Prospector x, now in service for Ben Studer, Wesley, Iowa. Prospector capped an undefeated 1969 show season with grand champion honors at the International Livestock Show, as well as the National Show at Omaha. Predictor is out of a grand cow by Bapton Constructor. Unfortunately, he came with horns but he's been a stalwart in our 1970 show string, the top win of course, was winning grand champion honors at the Indiana State Fair. He stood second in class at Chicago. 205-day weight to 506 lbs., and 1020 lbs. at a year of age.

Kim Sittner, Ovid, Colo., holds her Schuppe-bred steer that was champion Shorthorn of the 1970 junior show, Denver. Lot 18 is out of the same cow family.

SUTHERLAND NUGGET 2nd x—One of the very best sons of Sutherland Nugget x, sire of many champions including the 1970 Denver Champion, Sutherland Citation x, top-selling Shorthorn bull of 1970 when $\frac{3}{4}$ interest sold for \$13,200 to Harry Peters, Windholme Farms, Orange, Virginia. Nugget 2nd had a 205-day weight of 550 lbs., and a 365-day weight of 960 lbs.

There is no such thing as a bum steer! And we really mean that. The dependable **SHORTHORN INFLUENCE** makes it so . . . profitably erasing a host of unprofitable characteristics from the very first generation, then succeeding to work monetary miracles on each thereafter. **RUGGED, BEEFY, PERSISTANT SHORTHORN AND POLLED SHORTHORN BULLS** . . . on ordinary or best range cows, no matter their breed . . . assure high-percentage calf crops. As reds, whites, roans, you will find the **SHORTHORN INFLUENCE** means more "folding money" at market-time. At weaning they are heavier . . . finished cattle get there faster. Don't you be swayed by hearsay . . . ask for facts about **SHORTHORNS** before nodding "Yes" to this season's bull needs! Incidentally, we have bulls with, or without, horns, whichever suit your taste.

CORONET ROAN LEADER x—

The bull pictured on the cover page of the August 1, 1970 Shorthorn World, is sired by the **Sire of the Year**. The dam of this young herd sire was champion female at the Ak-Sar-Ben 4-H Show and also at the Kansas Shorthorn Field Day in 1966. CORONET ROAN LEADER x is a very modern bull, heavily muscled, long-bodied, and has enough elevation for a bull of today. He was the reserve grand champion at the Fairbury Beef Revenue; reserve junior champion at the 1970 Kansas State Fair and at the 1970 Mid-America Fair. In his working clothes, because he's been used this fall.

SALISH ASHER—Here is a long, tall bull that offers an outcross for United States herds and a performance tested pedigree. Every individual for four or more generations has been selected for high yearling weight. His sire, Lacombe Dock 174Y, had an actual yearling weight of 1030 lbs. The first crop of bulls sired by Lacombe Dock 174Y averaged 1024 lbs. as yearlings on official test. Salish Asher's dam's second calf, a heifer, has an adjusted 205-day weight of 553 lbs. — dryland pasture, no creep feeding. Salish Asher was grand champion at the 1970 Midland Empire Fair at Billings, Montana. He is fertility tested—sound.

F F CORNERSTONE 19th—This is one of the biggest and best CORNERSTONES we have ever offered for sale and should be one of the best bull prospects to sell this year. He weighed 1410 lbs. in good thrifty condition on October 14, 1970. His dam weighs 1525 lbs. at 10 yrs. of age and his grand-dam weighed 1540 lbs. at 14 yrs. of age. Of course his sire is the great WSU CORNERSTONE 4th that has sired so many good ones for us over the years. His full brother, F F CORNERSTONE 10th, was grand champion bull at the 1970 GRAND NATIONAL in San Francisco for Chapman Bros. As you can see from the record, it isn't an accident that the 19th is **big** and **good**. With the size and quality in his background, he should make an outstanding breeding bull. Semen tested excellent. Two-thirds interest and full possession sell.

Tynywtra's M Apollo x, reserve champion bull at the 1970 Polled Congress where he sold for \$3,000. Lot 40 is by the same sire.

MO CORONET CATALYST 6—The sire of this bull is T P S Coronet Catalyst x and out of one of the best Shorthorn females at the University of Missouri. This bull has the size, correctness and thickness needed to be a good herd sire. Exceptionally correct on his feet and legs. T P S Coronet Catalyst x is one of the better bulls bred at Thieman's Polled Shorthorns, Concordia, Mo. When he was sold to the Beckmans in California, Thieman's kept an interest in this sire. Thieman's Polled Shorthorns showed quite a few calves out of this Catalyst bull with great success in the 1970 show season.

F F CORNERSTONE 12th—A very good half-brother to F F Cornerstone 7—1969 International Grand Champion. We have a number of calves by this bull and they have the modern look of the Cornerstones. This bull is out of a polled cow and we have had several calves come polled out of horned cows. This is a big, modern bull that can put somebody in the cattle business. We have three hundred vials of semen frozen on him so we will retain $\frac{1}{2}$ interest.

SHORTHORNS LEAD IN FEED EFFICIENCY IN KANSAS

Results from the National Research Center, Leon, Kansas, indicate that Shorthorns had four of the top five positions in feed efficiency on the summer bull tests.

The most efficient group were three bulls consigned by Melbourne Farms, Big Rock, Ill., a consignor to this sale. A pen of Shorthorn-Polled Shorthorn bulls, consigned by Patrick McHugh, Wichita, were the second most efficient. Entries from Ralph Engel, Grainfield, Kans., and Allen Eller, Greensburg, Kans., ranked fourth and fifth.

H. C. O'Dear, Ewing, Mo., had the top gaining Shorthorn bull on test with a 3.79 lb. adjusted daily gain. Melbourne had the second top gainer for the breed with a bull that made a 3.71 lb. daily gain.

Jean Selander, Garnett, Kans., had the bull with the highest weight per day of age over all breeds. Her Shorthorn bull showed a 2.65 lbs. weight per day of age.

Bill Bennett, Jr., is at the halter of FF Cornerstone 11th, 1970 National Western Sale champion bull for Fiess Farms, Edwall, Wash. Dennis Fiess stands behind this winner. F. H. Dawkins, Texhoma, Okla., was the buyer at \$2,400.

Judge Darrel Chapman; Janine Pfeiffer; Pat and Don Stout are shown with Stout' reserve champion bull at the 1970 National Western Sale. He sold to Canyon Ranch, Encampment, Wyo., for \$1,400.

SCHEDULE OF EVENTS

Friday, January 15

9:00 A.M. — Junior Steer Show

Saturday, January 16

6:00 P.M. — Herdsman Banquet

Friday, January 22

7:30 P.M. — Shorthorn Six Head Show

NOTES

STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
